IN UNITED STATES PATENT APPLICATION NO. 09/929,789

Sir:

This responds to the June 2, 2003 Office Action in the above-identified application.

Section I. **INTRODUCTION**

In response to the restriction requirement imposed against claims 39-76 of the application, applicants hereby elect Group II claims 61-67 and 70-71.

Such election of claims 61-67 and 70-71 is made without applicants' acquiescence in the Examiner's reasoning as to the relationship between article claims 39-60, 68-69 and 72-76 (Group I claims) and method claims 61-67 and 70-71 (Group II claims). The Examiner's attention is directed to the existence of related co-pending application no. 09/933,943, in which the Examiner also has issued a restriction requirement on June 2, 2003.

Attached in the following **Section II** are the pending claims 39-76.
